Reliability & efficiency without compromise

Rotary Screw Compressors

INTRODUCING

HI-TECH Air Technology

Your Trusted Source for Compressed Air Solutions!

Welcome to Hi-Tech where our compressors breathe life into your operations. With a legacy built on reliability and innovation, we deliver compressed air solutions that elevate your industry.

At Hi-Tech we understand the pulse of your industry. Our compressors go beyond delivering air; they deliver excellence. Explore a range designed for precision, reliability, and performance.

Hi-Tech Air Technology redefine efficiency. Simple, reliable, and powerful our compressors are crafted to streamline your operations, ensuring a constant flow of compressed air for your unique needs.

Choose Hi-Tech - your partner in powering progress with precision and ease.

TECHNICAL SPECIFICATION

MODEL	Power		Free Air Delivery			Working Pressure			Noise	Dimension	Weight	Air Outlet
	KW	HP	CFM			BAR			DB(A)±2	L x W x H (cms)	KG	INCH
HAT 4	4	5	23	20	18	7	8	10	57	85 x 62 x 98	210	G 1/2
HAT 7	7.5	10	43	39	32	7	8	10	61	95 x 67 x 103	250	G 1/2
HAT 11	11	15	62	54	47	7	8	10	63	115 x 82 x 103	400	G 3/4
HAT 15	15	20	90	83	77	7	8	10	65	115 x 82 x 103	400	G 3/4
HAT 18	18.5	25	119	108	97	7	8	10	67	135 x 92 x 123	550	G 1"
HAT 22	22	30	135	129	114	7	8	10	67	135 x 92 x 123	550	G 1"
HAT 30	30	40	185	179	163	7	8	10	70	150 x 102 x 131	700	G-1 1/2"
HAT 37	37	50	239	220	203	7	8	10	71	150 x 102 x 131	750	G-1 1/2"
HAT 45	45	60	286	248	225	7	8	10	73	150 x 102 x 131	800	G 2"
HAT 55	55	75	365	325	301	7	8	10	76	190 x 126 x 160	1750	G 2"
HAT 75	75	100	475	446	406	7	8	10	77	190 x 126 x 160	1850	G 2"

Note: FAD and noise level measured as per standard free field condition 0.8 MPA pressure and latest version of ISO 1217.

* Electrical components and consumable parts are not covered under warranty.

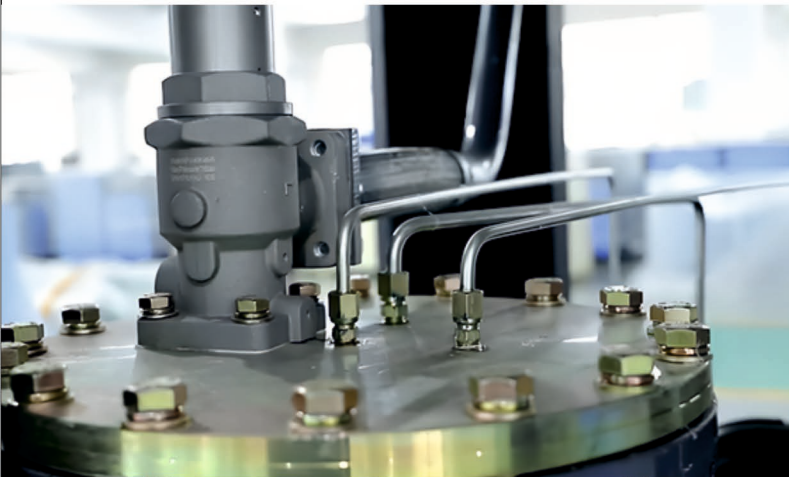

MODEL	Power		Free Air Delivery		Working Pressure		Noise	Dimension	Weight	Air Outlet
	KW	HP	CFM		BAR		DB(A) + 2	L x W x H (MM)	KG	DIAMETER
HAT 55 II	55	75	460	435	7	8	70	2160 x 1350 x 1750	2320	G 2
HAT 75 II	75	100	575	545	7	8	73	2160 x 1350 x 1750	2390	G 2
HAT 90 II	90	120	695	644	7	8	77	2420 x 1530 x 1720	3110	DN 65
HAT 110 II	110	150	825	742	7	8	79	2650 x 1600 x 1850	3530	DN 80
HAT 132 II	132	175	985	888	7	8	83	2650 x 1600 x 1850	3600	DN 80

Note: FAD and noise level measured as per standard free field condition 0.8 MPA pressure and latest version of ISO 1217.

- 15% More Efficient Than Single Stage Screw Air Compressors
- 2 Stage Airend, 4 Rotor, Reduce Compressor Ratio, Better Efficiency

EXCEPTIONAL VALUES - HIGH RELIABILITY

PREMIUM EFFICIENCY ELECTRICAL MOTOR

Protection class IP55,
insulation class F Highest
Efficiency Standard as per IE3
Rating hence Efficiency is
3%-5% higher than similar
products.

AIR INTAKE VALVE

Automatically adjust based on
your air consumption. Low
maintenance, good stability
and large inlet air.

COOLING SYSTEM

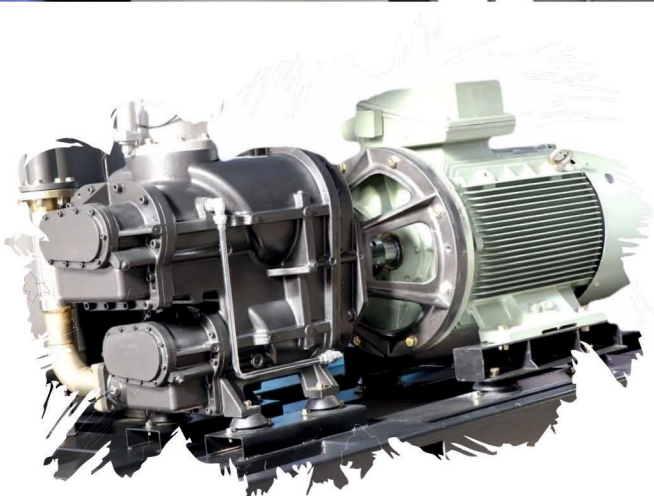

Design of large heat
exchanger area can effectively
avoid high temperature and
adapt to bad working
conditions to ensure long life .

SUCTION FILTER

99.9% dedusting effect,
ensuring dustproof quality of
air compressor

ELECTRICAL COMPONENTS

Powerful troubleshooting &
protection function to
Significantly increase life of
electrical components.

ONE SOURCE FOR ALL YOUR COMPRESSED AIR NEEDS

Of course you want to get the most out of your HI-TECH Screw Compressor. Extend the same reliability and performance throughout your compressed air system with our air dryers, line filters, water separators, air receivers, and our piping system. Better yet, most of these features can be fully integrated into your system.

The benefit of refrigerant dryers

Clean and dry air

- Increase your overall productivity
- Improve your final product quality
- Protect your downstream equipment against corrosion, rust and leakages.
- Avoid costly service interventions

COMPRESSED AIR LINE FILTERS

Impurities in the compressed air can cause reduction in the efficiency and life of the pneumatic devices & damage the final product quality. Purify your compressed air by eliminating oil, dust and other contaminants. Our air line filters remove these contaminants from the compressed air.

Our Products !

- Screw Air Compressor • Refrigeration Air Dryer
- Precise Line Filters • Air Receiver Tank
- Compressor Spares • Compressor Services
